

BOARD

Integrated Web Solution for More Effective Governance

eBOARD's uniquely integrated suite of web-based tools will reinforce effective governance and continuous improvement in organizations by aligning the work of the board and system with its strategic plans, policies, meeting agendas, assessments and evaluations.

While each of the eBOARD modules is powerful on its own, together our suite of software tools can help your organization demonstrate accountability and achieve organizational excellence!

Since eBOARD is a modular based system, you are able to choose the modules that meet your needs today, while maintaining the flexibility to grow with the system in the future.

eBOARD Modules include:

-  **Strategic plan:** Monitor, track, manage and report on the organization's strategic plan to all stakeholders.
-  **Evaluation:** Enhance, align and streamline governance and leadership evaluations and assessments.
-  **Meetings:** Streamline agenda preparation and enhance the effectiveness of all meetings.
-  **Policy:** Publish policies, regulations and exhibits for easy access by all stakeholders.
-  **Communications:** Improve communications with all stakeholders.
-  **Documents:** Build an online library for easy access to important documents
